

Circular No:009/2012/IT/SYS/9

Feb 14th, 2012

New update of GBOT Trader Workstation 11.2.0.1, GBOT Member Admin Terminal 11.2.0.1 & View Terminal 11.2.0.1

In terms of the provisions of the Rules, Byelaws and Business Rules of the Exchange, Members of the Exchange are notified as under.

As part of our continuous endeavor to enhance system performance, GBOT is providing a new update on GBOT Trader Workstation (TWS), GBOT Member Admin (MAT) and GBOT View Terminal Client (VTC) with effect from **Friday, Feb 17th 2012**.

Members are requested to take note of the following:

- The new update of trading software GBOT Member Admin Terminal 11.2.0.1, GBOT Trader Workstation 11.2.0.1 & GBOT View Terminal 11.2.0.1 can be downloaded from FTP server (Extranet) from **Tuesday, Feb 14th 2012** onwards.
- Procedures for downloading and installation of new trading software are specified in Annexure 1.
- The new update of TWS, MAT & VTC software needs to be installed after Trading hours (20.30 Mauritian time, GMT +4) on Thursday 16th Feb 2012 and before Trading starts on Friday 17th Feb 2012 (10.30 Mauritian time, GMT +4).

For and on behalf of
Global Board Of Trade

Stanley Verghese
Senior Vice President

For any clarifications please contact GBOT systems team on +230 4040055 or send email at gbotystems@gbot.mu

Encl: As above

Annexure 1

Procedure for downloading and installation of the new updated GBOT TWS 11.2.0.1, GBOT MAT 11.2.0.1 & GBOT VTC 11.2.0.1

For Lease Line / Internet users:

- Log-in to the FTP Server with your User ID and password.
- Download GBOT Trader Workstation 11.2.0.1, GBOT Member Admin Terminal 11.2.0.1 & GBOT View Terminal 11.2.0.1 files kept in the Common\TWS-MAT-VTC-Setup folder on the FTP Server. Files can be downloaded any time through FTP as from Tuesday, Feb 14th 2012.
- Double click GBOTTWSCLIENT.msi. It will install the updated GBOT Trader Workstation 11.2.0.1. After installation open the GBOT Trader Workstation and login to the updated Trading environment of GBOT.
- Double click GBOTMEMADMIN.msi. It will install the updated GBOT Member Administrator 11.2.0.1. After installation open the GBOT Member Administrator and login to the updated Trading environment of GBOT.
- Double click GBOTVIEWTERMINAL.msi. It will install the updated GBOT View Terminal 11.2.0.1. After installation open the GBOT View Terminal and login to the updated Trading environment of GBOT.

User Instruction:

For Trader Workstation

After installation, open GBOT Trader Workstation and follow below mentioned steps:

- Go to Tools System configuration
- Select Mode of Connectivity as “Internet” if connecting through internet and “Dedicated” if connecting through a Lease Line.
- After selection click on Modify.
- System will set the Mode of Connectivity and Market Data Updates settings automatically and application will get closed.

For Member Admin

After installation, open GBOT Member Admin and follow below mentioned steps:

- Go to Tools System configuration
- Select Mode of Connectivity as “Internet” if connecting through internet and “Dedicated” if connecting through a Lease Line.
- After selection click on Modify.
- System will set the Mode of Connectivity and Market Data Updates settings automatically and application will get closed.

For View Terminal

After installation, the GBOT View Terminal will automatically pick the mode of connectivity.
